

LEVANTÉ[®]
ARCHITECTURAL ALUMINUM
BALCONIES

Balconies by Levanté[®]

Building or Specifying a Project with Outdoor Balconies?

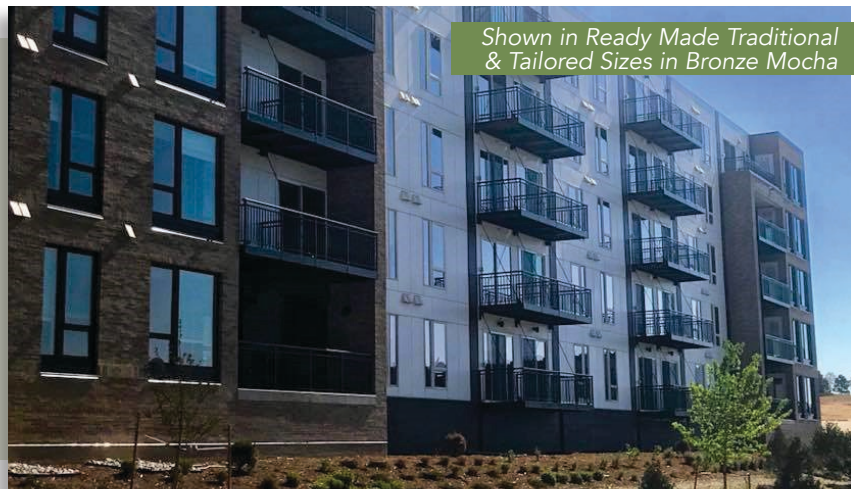

Balconies by Levante[®] come in standard and custom sizes and are styled for durability, ergonomics, and ease of installation. Each project is certified by an outside Engineering firm providing you and your contractor or building owner peace of mind.

*Shown in Charcoal Black Rails & Trim
with Dark Cherry Deck*

*Shown in Charcoal Black Rails & Trim
with Wood Grain Deck*

*Shown in Ready Made Traditional
& Tailored Sizes in Bronze Mocha*

BALCONIES BY LEVANTE ARE:

- Deck boards available in solids and wood grains to match Longboard[®] Architectural Products. Railings and trim available in Charcoal Black, Mocha Bronze, and Pure White.
- Joist free (up to 7 ft.) installation leaves the bottom side with a clean smooth look for neighbors below the balcony.
- Designed with a unique patented universal mounting bracket allows for varying façade thickness, complimenting our double rod hanging system.
- Bracket connections minimize the opportunity for water intrusion issues vs. a traditional ledger board installation.
- Fabricated with multiple options for railing including open mid-rail, picket, glass and more! (See reverse side for details).
- Rails are placed to optimize total usable square footage maximizing value for the owner.
- Easy to install! Shipped to site partially assembled (you connect rails to deck frame) in four pieces plus hardware. Installation instructions and videos are available.
- Backed by a 5-Year Finish Warranty for solid finishes and a 15-Year Finish Warranty for wood grain finishes.

TRADITIONAL SIZES:

5' x 8' | 5' x 10' | 6' x 10' | 5' x 12' | 6' x 12'

TAILORED SIZES AVAILABLE:

Contact your Levanté® Representative for details.
